ABOUT SEAFIT

This new service to fishermen and their families is being offered as part of the SeaFit Programme. SeaFit is a joint initiative from the Seafarers Hospital Society and the Fishermen's Mission, working in partnership to deliver sustainable improvements to the health and wellbeing of fishermen and their families around the UK.

With initial funding from Seafarers UK, SeaFit has commissioned Troon Dental Studio to provide free dental checks and initial treatment to fishermen and their families in Troon.

ABOUT THE SERVICE

**Starting on Friday 14th
December 2018**

Troon Dental Studio is running an open clinic for working fishermen and their families on the second Friday of each month. There's no need to book. Just turn up on a clinic day any time from **2pm-6.30pm**, and you'll be treated as soon as possible. The clinic operates on a first come, first served basis so be sure to arrive early.

WHAT'S INCLUDED

All the costs of the initial session will be covered. If you normally pay for your NHS treatment, the check-up is free of charge and SeaFit will cover the cost of any emergency treatment you may need. This includes:

- Emergency fillings
- Extractions
- Scale and polish
- X-rays

If you need any follow-up treatment, you will be asked to cover the cost yourself but this will be discussed with you beforehand.

CHILDREN & FAMILIES

This free service is also available to partners of fishermen. Children get free treatment anyway but you can bring them along for a check-up too!

Fit Body + Fit Mind = SeaFit
